

Northern Lakes Propane – Terms and Conditions

For Pre-Buy and Budget Propane Contracts

- Buyer agrees to contract for and pay a set price for propane delivered during contract season.
- Fuel for secondary homes and businesses are taxable. We reserve the right to add sales tax at time of delivery if necessary. By selecting a non taxable plan, you are stating that the fuel is for your primary residence or other tax exempt use.
- Seller reserves the right to add delivery charges in the event of terrorist attack, natural disaster or other disruption of pipeline delivery and/or propane availability.
- Signing this Propane Contract **DOES NOT** automatically place you on the “Forecasted Delivery” program for fuel deliveries. Contact Northern Lakes Propane for more information.
- Pre-payment or installments will be credited to my account with Northern Lakes Cooperative. Northern Lakes Cooperative, as seller, agrees to deliver the product and charge buyer’s account accordingly.
- Propane orders during contract season must be a complete fill as long as contract gallons remain. At the end of the contract, minimum propane deliveries apply regardless of the number of gallons left on contract. These minimums are; 400 gallons on a 1,000 gallon tank, 200 gallons on a 500 gallon tank and 150 gallons on a 320/325/250 gallon tank. Minimum gallon requirement does not apply to those on the “Forecasted Delivery” program where each delivery requires a fill.
- Contract pricing will begin on June 1, 2019 and will continue through the 12 month term, ending May 31, 2020.
